Education

College of Engineering and Computing

University of South Carolina – Columbia, S.C.

Jul. 2023- May 2027

- Bachelor of Science in Integrated Technology
- Dean's List (F23, S24, F24, S25), TRIO OSP Member

GPA: 3.738

Relevant Coursework

- Cybersecurity Operations, Database Systems in IT, Cybersecurity Operations, Program Design & Develop.

Work Experience

University of South Carolina – Columbia, S.C.

May 2025 - Present

Service Desk Technician (Division of Information Technology)

- Resolved over 1,000+ cases and 1,750+ phone calls from all across campus.
- Installed and updated applications, reset user credentials, and completed additional tasks as assigned.

Personal Projects

Relational Data Power App with Navigation

Dec. 2024

- Built a relational-data Power App by generating structured datasets for three entities, loading data into Microsoft Dataverse, and designing data-entry screens aligned with relational modeling principles.
- Developed a fully navigable application interface, including a multi-screen navigation system and an informational "About/FYI" screen tailored to the project's topic.

Wheels Harbison Website

Sept. 2025-Nov. 2025

- Collaborated with a 5-member team to design and develop a full website for Wheels Harbison, a local nonprofit in need of an online donation platform
- Helped deliver a functional digital solution that supported the nonprofit's mission, increased community visibility, and provided a sustainable way to collect donations and recruit volunteers.

Extracurriculars

Organizations:

TRIO OSP Mentor - University of South Carolina

Aug. 2025-Present

- Provided first-year guidance to two First-Gen freshmen at the University of South Carolina
- Provided individualized support by helping students set goals, develop study habits, and connect with campus support services and involvement opportunities.
- Demonstrated leadership and empathy by creating a supportive mentor-mentee relationship that eased the transition into their first year.

Community Service and Social Media Chair - Tri Alpha Honors Society

Aug. 2025 - Present

- Designed and published 5+ social media flyers and monthly newsletters, collaborating with the executive board to promote meetings, service projects, and first-generation student initiatives.
- Organized and coordinated 5–8 community service events per semester, partnering with Harvest Hope Columbia and other various organizations to provide meaningful volunteer opportunities

Skills

- Technical Skills: Java, Python, SQL, Oracle SQL Server, HTML, CSS, Powershell
- Tools and Platforms: Microsoft Office Suite, Eclipse, GitHub, Windows OS, Linux
