Core Competencies: GitHub, Jira, Data Analysis, Compliance Accuracy, Client Relations, Leadership, Collaboration, Sales, Communication, Time Management, Critical Thinking, Adaptability, Problem Solving

EXPERIENCE

Krumware - Technical Sales Intern

Columbia, SC | March 2025 – Present

- Qualified 100+ prospective clients using **Apollo CRM** and prospecting tools.
- Conducted discovery calls with business owners, analyzing workflows to recommend custom software solutions.
- Conducted **product research** interviews with users to improve existing products.

Dedicated Community Bank - Head Teller

Florence, SC | Feb 2020 – Jan 2024

- Supervised daily transactions exceeding \$100,000 while ensuring compliance with financial regulations.
- Used **data analysis** to manage vault and recycler cash needs; **trained and supervised** teller staff.

PROJECTS

App Prospector - Creator

Aug 2025 - Present

- Built a full-stack **React** web application to store, manage, and analyze mobile app data for identifying low-rated apps and potential client prospects.
- Implemented CRUD functionality for app records, including creating, editing, and deleting entries using reusable components and modal interfaces.

Patriot Housing Website - Frontend Developer

March 2026 - April 2026

- Led frontend development efforts using React, contributing the highest number of pull requests (9/23) on the team
- Built responsive layouts and interactive features, including dynamic email links and styled components
- Improved user experience through visual design, layout structure, and asset integration

Gridstorm Hackathon (Dominion Energy Partnered) - Front-End Developer

2nd Place, Mar 2026

- Developed a **Python**-Streamlit-based front-end dashboard for an AI-powered message extraction and routing system
- Built file upload functionality; designed a dual-pane interface for extracted data to structured data; implemented a routing interface with score visualization and confirmation controls; and collaborated with team members.

EXTRACURRICULAR ACTIVITIES

National Society of Black Engineers - Member

- Supported recruitment and engagement efforts through tabling, outreach, and peer relationship-building.
