EDUCATION

University of South Carolina

Columbia, SC

Bachelor of Science in Computer Information Systems

Expected Dec. 2027

- Minor: Business Information Management
- GPA: 3.87
- Honors: Fall 2024 Dean's Honor List, Spring 2025 President's Honor List, Fall 2025 Dean's Honor List
- Relevant Coursework: Algorithmic Design II: Java and data structures; Software Engineering: virtual escape room project using SCRUM; Advanced Programming Techniques: C++ and Visual Studio

PROJECTS

AI Electrical Pole Defect Detection | Hackathon Project, Python, Web Development, AI

March 2026

- Developed a web application that detects defects on electrical poles and extracts tag numbers from uploaded images.
- Collaborated with a team of 4 to design, build, and present the project under hackathon time constraints.
- Integrated image processing and machine learning techniques to automate visual inspection tasks.
- Built and maintained the project repository: github.com/reekooooooooo/HackStreet-Boys.

Virtual Escape Room | Java, SCRUM, GitHub

Aug. 2025 – Dec. 2025

- Developed an interactive virtual escape room with puzzles, game logic, and user-driven progression.
- Implemented core functionality in Java and collaborated with teammates through GitHub version control.
- Applied SCRUM methodology by contributing to sprint planning, standups, and iterative development.
- Strengthened team coordination and problem solving through a semester-long group software project.

Personal Website | HTML, CSS

Dec. 2024

- Designed and developed a personal portfolio website to showcase projects, skills, and experience.
- Created a clean, organized layout with responsive structure and readable navigation.
- Used HTML and CSS to present technical work in a simple, professional format.

EXPERIENCE

Spring Valley Country Club

Columbia, SC

Pool / Snack Bar Associate

June 2023 – Aug. 2023, June 2024 – Aug. 2024, June 2025 – Aug. 2025

- Served 50 to 100 members per shift while delivering efficient and friendly customer service.
- Managed inventory, restocking, and food rotation to maintain product availability and organization.
- Maintained food safety and sanitation standards while supporting daily operations.
- Built positive relationships with club members and staff to contribute to a welcoming environment.

Sam's Club

Columbia, SC

Customer Service / Cart Attendant

Jan. 2026 – Present

- Verified member cards and assisted customers with carts and carrying groceries.
- Delivered efficient and friendly service to support daily store operations.

Dominion Energy

Cayce, SC

Incoming Business Technology Analyst Intern

May 2026 – Aug. 2026

- Selected for a Business Technology Analyst internship focused on technology and business operations.

TECHNICAL SKILLS

Languages: Java, Python, C/C++, SQL (Postgres), JavaScript, HTML/CSS

Frameworks / Tools: Visual Studio, Eclipse, GitHub, VS Code, Microsoft Office Suite

Other: Object-Oriented Programming, Web Design

SUMMARY

Computer Information Systems student at the University of South Carolina with a strong foundation in software development and problem solving. Experienced in Java, C++, and web development, with hands-on project work in AI applications and collaborative software engineering environments. Seeking opportunities to apply technical and analytical skills in a business technology or software development role.
