EDUCATION

University of South Carolina Molinaroli College of Engineering and Computing	Columbia, SC
Bachelor of Science in Integrated Information Technology	Expected May 2027
Minor: Applied Computing	Major GPA: 4:00
	Overall GPA: 3.9

PROJECTS

Real Estate GUI Application – Developer, Capstone Project (IIT Expo)	Spring 2025
- Developed a multi-screen Python/Tkinter application integrating SQL and CSV data for property search and filtering. - Implemented client profile creation, property preference input, and dynamic results display features. - Designed modular backend functions for database inserts, updates, and filtering within a clean, multi-frame GUI architecture.	
Kappa Theta Pi Website – Developer	Present
- Collaborate on the development of the official website for Kappa Theta Pi, a professional technology fraternity - Build a front end web application using TypeScript, JavaScript, CSS, and React. - Use Jira to manage project progress, track deliverables, and coordinate with a team of prospective members	
Roommate Match Website – Developer	Present
- Co-develop a social media platform at University of South Carolina students to connect with potential roommates - Implement the front end using HTML, JavaScript, and CSS. - Develop the back end to enable user authentication and message functionality.
